RCA

Introducing the RoomMate

EC 330

The sharpest, brightest small-screen color TV in RCA history

- **RCA's 100% solid state XtendedLife chassis** delivers excellent performance, yet uses surprisingly little power. This means low stress on vital components for reliability and long life expectancy.
- **Low power consumption**—uses less energy (on average) than a 75-watt light bulb.
- **RCA's new AccuLine black matrix picture tube** delivers a sharp, bright, high-contrast picture.
- **Automatic Fine Tuning** pinpoints and holds the correct broadcast signal.

RCA

XtendedLife

- This value-priced XL-100 features RCA's new XtendedLife chassis, designed to perform better and last longer than any previous 19" diagonal XL-100 chassis.
- Low power consumption, actually costs less to operate on average than a 100-watt bulb!
- Automatic Color Control keeps colors consistent from program to program, channel to channel.
- Automatic Fleshtone Correction gives you natural fleshtones and natural background colors side by side.
- Automatic Fine Tuning (AFT) pinpoints and holds the correct broadcast signal on all UHF channels.

Model FB 488

RCA Signal Sensor II electronic remote control—for chairside tuning convenience

RCA 19"diagonal ColorTrak with new XtendedLife chassis and Signal Sensor II electronic remote control

Getting the color right is what ColorTrak is all about. It's RCA's most advanced, most automatic TV. And now a brand new chassis makes it better than ever.

- New 100% solid state XtendedLife chassis is designed to run cooler and use less energy than any previous RCA chassis. Result: longer life expectancy.
- Low power consumption: actually costs about the same to operate on average as a 100-watt bulb!
- Signal Sensor II electronic remote control lets you change channels, turn TV on and off, adjust volume—all from across the room. (Push-buttons on the set perform the same functions.)
- Automatic Color Control and Fleshtone Correction system holds fleshtones and other colors to the settings you select.
- Automatic Contast/Color Tracking lets you adjust contrast, color and brightness with one control instead of three.
- Automatic Light Sensor adjusts picture for changes in room light.
- RCA Super AccuFilter picture tube has tinted phosphors to help keep colors vivid, even in bright room light.
- Contemporary-styled durable plastic cabinet with walnut-grain finish.
